

## OUR TEACHING APPROACH

**Our teaching approach, 'Planning in the Moment', allows our team to be spontaneous and turn any play experience into a learning opportunity.**

With plenty of stimulating activities to discover, your child will always have autonomy over which activity they choose. This enables our team to build upon a child's natural interests and development.

Daily feedback will be provided from your child's key carer, with more focussed feedback given monthly in the Baby Room, every 5 weeks in the Toddler Room and every 10 weeks in Pre-School.

## PUTTING NUTRITION FIRST

All of our nursery meals are freshly prepared onsite in Marmalade's Kitchen.

Our chefs are committed to using free range, organic, ethical and fair-trade produce, to serve fresh and wholesome breakfasts, lunches and dinners.

We ensure that all children have a well-balanced diet. Any special dietary requirements and all allergens are catered for accordingly.

## OUTSTANDING CARE FROM 6 WEEKS TO PRE-SCHOOL

- Newly built Day Nursery and Pre-School with private gardens, in a rural setting.
- Daily Supervised visits to Odds Farm Park.
- A caring environment with qualified and experienced staff.

# CHILDCARE IN THE COUNTRYSIDE

Caring for children from 6 weeks to 5 years, Odds Farm Park Day Nursery and Pre-School provides a modern setting within a farm environment.

Giving your child the very best in early years education, we believe in learning through play, creating happy, healthy children who are ready for mainstream school.

Children will thrive in this new Day Nursery and Pre-School building, also spending time in the private gardens and of course, with daily, supervised visits to the Farm.

# BABY AND TODDLER ROOM

## FROM 6 WEEKS TO 3 YEARS

With a nurturing and stimulating environment, all babies and toddlers will have opportunities to develop their confidence, mastering new skills through exploration, discovery and play.

In partnership with your child's key carer, we work closely with you to ensure the care they receive at home is complemented at the Nursery. This includes weaning, feeding and sleeping routines. We also provide formula milk, nappies, cream and wipes.

When babies become toddlers, we encourage them to develop their language skills, enjoy early maths and undertake creative play, and we will work closely with you to ensure success when your toddler is ready for potty training.

Babies and toddlers have access to secure gardens providing plenty of countryside fresh-air, and our priority is that all activities are planned around their interests and natural development..

# PRE-SCHOOL

## FROM 3 TO 5 YEARS

Following the key areas of the Early Years Foundation Stage, our main aim within our Pre-School is to ensure children are confident and ready for mainstream school.

Our staff, encourage children to experience learning in a variety of ways, encouraging 'can-do' attitudes and a willingness to try new things.

With free-flow between pre-school rooms and the secure garden, children will also enjoy daily supervised visits to the Farm where they will be able to see and feed the animals, and explore acres of indoor and outdoor Adventure Play.
